HORIZON SUBCOMMITTEE PLANS TO SURVEY BETHEL RECREATIONAL NEEDS

The Bethel Bicentennial Committee's Horizon Subcommittee plans to undertake during October, a comprehensive survey of Bethel's recreational needs. Plans are presently underway for the design of the questionnaire which will be distributed door-to-door to each household in the town. The results of the survey will supply data upon which future recreation plans may be based.

The Bicentennial Committee hopes that its Horizon contribution to Bethel's future will be an active Recreation Committee. To accomplish this, the group plans to introduce an item in the Warrant for the next Town Meeting which would provide the Board of Selectmen with the authority to appoint such a Committee. The Horizon study committee would then make available to the Town Recreation Committee the results of its survey and other data.

The Recreation Committee would provide leadership in coordinating existing recreational programs such as summer baseball and swimming lessons, as well as initiating the application for state and federal funds for facilities, personnel and programs. To provide an idea of the endless possibilities which exist for recreation for all age groups the Horizon Study Committee is investigating programs already underway in Maine towns and plans frequent reports on its findings.

There will be a meeting at Newells on Church St., on Friday, Sept. 19, at 7:30 to begin constructing the questionnaire to be used in the recreation survey. Ideas and their originators welcome.

FOOD PRICES TOO HIGH?

Then come to the monthly extension meeting at the Bethel Savings Bank this Thursday at 7 p. m. Bring your favorite low cost recipe to share with others and swap some ideas on ways to save money preparing and buying food. There will also be a houseware party to benefit our Extension treasury. There is no obligation to order. Just come along and plan to have an enjoyable evening out.

The Citizen Office will be closed on Saturday, Sept. 20.

BETHEL BICENTENNIAL COMMITTEE MET SEPT. 10

The Bethel Bicentennial Committee met on Sept. 10 at the Dr. Moses Mason House meeting room with Chairman Robert Keniston presiding. Stanley Howe reported that the Committee had been officially appointed by the Selectmen and that a bank account in the Committee's name had been established. Reports from the various sub-committees were heard. The Horizon committee reported plans for the preparation of a questionnaire on public attitudes toward recreation programs. Also the committee announced plans to seek approval of a permanent recreation board to be appointed by the Selectmen over all recreation activities in town by placing it as an article on the warrant for the next town meeting.

The Heritage committee reported plans for a marker system, historical pamphlets, school resource file and a film series were underway. The Festival committee indicated that various plans had been discussed for July. Ed Quinn reported that the Rotary Club was planning to have the University of California band in Bethel for a July date.

The next meeting will be on Oct. 1 at 7:30 p. m. in the meeting room of the Dr. Moses Mason House. Everyone is welcome.

FRYEBURG REPUBLICANS HOST COUNTY GOP

Philip Andrews, Oxford County GOP chairman, and a committee of Fryeburg Republicans hosted a delightful social hour, followed by a delicious pot luck dinner, at Fryeburg Fair Grounds last Saturday evening, Sept. 13. It was held in the recently reconstructed 1832 barn removed from Walker's Point, near Lovell's Pond, to the Fair Grounds to become the Barn Farm Museum.

Following dinner, serving of which was overseen by Town Chairman Buzzell, State GOP Chairman John Linnell, Auburn, gave a report on State activities and President Ford's recent visit. Mrs. Linnell was introduced. Several present and past County representatives were introduced, and Senator Philip Jackson gave a brief talk, expressing approval of the recent GOP get togethers, in the County, as did Rep. John Rollins of Dixfield. State Committee members were introduced, including Mrs. Elizabeth Carter of Bethel.

Norman Ferguson, Financial Chairman, gave an excellent report on the County quota being reached, and also on the State financial fund progress, having just returned from a trip through Arundel with Paul Dillaway, State Financial Director.

The business meeting was followed by dancing.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Selectmen will hold a regular meeting next Monday evening. They will be requested to contribute toward construction of a sidewalk in front of the new post office in West Bethel.

There will be a hearing on an application for a liquor license for the Bethel Spa.

A request has been made to sell the Buffalo fire pumper to a mutual aid group in the Andover area.

Estimates for painting the fire station will be presented. All local contractors have been notified.

The possibility of the town contributing to a Chamber of Commerce brochure will be discussed.

After next Wednesday the Town Manager will be absent for an undetermined length of time due to surgery. It would be helpful if anyone has business requiring his attention if they could present it by the first of the week.

CHAMBER OF COMMERCE HOLDS GENERAL MEETING MONDAY EVENING

At the general meeting of the Greater Bethel Chamber of Commerce Monday evening, Committee Chairman Leslie Otten presented the report of the New Direction Committee. This represents the ideas and opinions of eight businessmen. It is hoped that before final action is taken at the Oct. 13 meeting, other businessmen and citizens will study this report and come forward with suggestions.

The New Directions Committee was formed early this summer for the purpose of revitalizing the Chamber's direction exploring its future, recommending a dues structure, assessing strengths and weaknesses and local economies, and exploring consumer wants and needs.

The following ideas and facts represent the committee's opinions and findings: A. The primary emphasis in revitalizing the Chamber should be the involvement of the large majority of area businesses. Regardless of the goals of the Chamber, local support will determine its success or failure. Recommendation: Establish special interest groups to deal with the specific problems common to local industry. Examples of such committees: Main Street Merchants Committee, Hotel and Restaurant Committee, Woods Industries Committee. Each of these special interest groups should be represented at Chamber meetings. The Chamber would then have greater knowledge of business problems.

B. The greater Bethel area has much to offer the consumer, the business man, the tourist, and potential industry. An inventory of available products, recreation and interesting activities reveals an astounding number of things to do. Recommendation: Establish a list of goods, services, and activities available in the area for distribution to inquiries and local businesses. Not only would such a list help the tourist industry but it could serve as an enticement to new industry.

C. In order to promote area businesses the Chamber should involve the consumer. Recommendation: The Chamber should sponsor a "Buy in Bethel" campaign aimed at local residents and visitors. To this end, special emphasis should be placed on what goods and services are available in town. A discount in all shops and stores should be offered periodically to stimulate sales.

D. A questionnaire to inform retailers of what the wants and needs in the community are, could produce needed feedback on continued on Page Four

M. S. A. D. #44 DIRECTORS MET AT ANDOVER SEPT. 15

A regular meeting of the M. S. A. D. #44 board of directors was held at the Andover Elementary School on Monday evening of this week.

Ronald Wells, a citizen from Andover, suggested the use of films from the Moody Bible Institute for viewing by Telstar students during their free time at the school. They noted with thanks and interest the suggestions of Mr. Wells and regretfully declined implementation.

The board confirmed the posting of the presently vacant extra-duty assignment of: literary advisor, school newspaper; art advisor, yearbook.

It was the decision of the board to defer any action on the matter of "establishing procedures to channel personal complaints against the performance of administrators."

There will be a special meeting of the board on Tuesday, Oct. 14, at Telstar to consider matters of attendance, drugs, discipline and budget. The citizen portion of the meeting will be limited to 15 minutes.

It was the decision of the directors to provide that anyone having suggestions concerning district policy matters, such suggestions may be submitted in writing to be included in the published agenda of board meetings.

The board voted that the proposal of Christen J. Angovine, con-

MICROFILM PROJECT IS BEING SPONSORED BY BETHEL HISTORICAL SOCIETY

Newspapers relating to the Bethel area are continuing to be microfilmed by Northeast Reprographics of Bangor. This project is being funded with a grant from the Maine State Commission on the Arts and Humanities and the Bethel Historical Society. Already completed are the Oxford Observer 1824-1828, the Oxford Democrat 1833-1900 and the Rumford Citizen 1906-1908. The Bethel Courier 1859-1861 is currently being microfilmed and plans are for the Bethel News and Citizen (1895 to the present) to be included in this project.

A great part of its history Bethel did not have a local newspaper. Citizens throughout most of the 19th century depended upon the Oxford Observer and Democrat for their news. Microfilming newspapers not only preserves a valuable historical resource for posterity but makes it available to other repositories. There also is an advantage in storage. Microfilm reels require little space in comparison to the equivalent originals and eliminate handling of often fragile newspaper copies.

The microfilm collection of the Bethel Historical Society is now available for use by the public in the archives of the Dr. Moses Mason House.

Registration for the three courses to be offered by the Society this autumn: chair caning, rug braiding, White Mountain History is proceeding. The closing date for the White Mountain course is Oct. 6; for the craft courses, Oct. 20. Be sure to register now by calling the historical society at 824-2908.

cerning discipline, philosophy, etc., remain on the boards agenda.

The board adopted the following proposal regarding the later bus (after 5:30): Provide two buses—one bus will leave Telstar after sports events and go to the I. G. A. store in Bethel; up to Rt. 2 and 26, dropping off students at their homes. If they live on the road, at the beginning of the Northwest Bethel Road, Sunday River Road, Newry Road; and at the Band stand in Andover. The second bus will leave Telstar and stop at Locke Mills, Bryant Pond, Andrews Corner (South Woodstock) and Greenwood City.

A motion to extend the meeting past the normal adjournment time of 10 o'clock failed to receive the 75% affirmative vote required. Consequently no action was taken on several agenda matters.

Board members absent Monday evening were: John Gasser and Michael O'Donnell, Bethel.

The next regular meeting of the S. A. D. 44 board will be held at the Telstar Auditorium on Monday evening, Oct. 6.

Greenwood City —

— Mrs. Collette Morgan, Corres. —

The greens of summer are gradually giving way to a world soon to be gold, russet, yellow and mauve. Against the glory of yellow birches, flaming maples, the spruces will look black. The spider hackmatack, masquerading as evergreens all summer will begin to show true nature; just a soft lightness among the evergreens, almost no color at all when we have other yellow and orange shades. A little later they'll be burnt-out gold when other leaves have dropped.

Some of these changes I noted when I set out to climb Noyes Mountain. My main object was to go to an old clearing to see if there were any blackberries.

Up along Spring Road I discovered a little deer had gone before me. How the road had grown in since I traveled it last. Darting here and there were the chickadees. They looked so little, but so energetic.

Standing at the top of the first steep rise I listened to the wind in the hemlocks at my right; what stories they could tell if they could talk. They are handsome trees with their small dark needles that have two white stripes on the under surface. Today as the wind played among them they had a silver look. They would flop and bend rather than stand stiffly sky-like the pine or spruce. As I listened to their music or as they whistled softly to themselves I noticed beneath one the Indian pipes. "Each year we seek their virgin haunts. . . In shining groups each stem a pearly ray. . . flecks of light within the shadowed wood."

Beneath my feet and all along the way were the blue lobellias, most in seed form now, but occasionally a little blue "face" looking skyward. Of course everywhere there were the asters.

Passing, now, the steep path to our spring I looked up to see how it had spent the summer. A mint scent came to my nostrils and I bent to test the leaves. Which mint plant it was I'm not sure, but that spicy odor here among the grasses gave me a lift for the next hill after crossing a fallen tree.

Reaching out from the taller weeds was the arrow-leaved tear-thumb or commonly called by us "country folks" the scratch grass which is quite prevalent but never welcome to walk through. It is determined to get in a scratch or two with its prickles. Its flowers are white or pale pink, attractive to look at.

Coming to the clearing—clearing? just one big jumble of raspberry and blackberry bushes but not one berry!

It was then that I decided to climb higher. So after standing for a moment gazing at my surroundings, curving clean and bold against the cloudless sky, I could hardly believe the brightness of the Maine air and the sharp light that fell with such naked splendor.

Up through the trees to the Buck Road, where I turned left to take me toward the fields and the view of the valley. A reminder here that for all the beauty, life at some time in this section was not easy. Usually one walks the woods and never winces as he views the tumble down stone walls, never thinking that 200 years ago some man broke his back clearing the fields. Plenty of evidence here and farther up the hill.

I looked through the pine branches to ridge after ridge falling away in the clear crisp air of distance.

Lake Rock was well hidden and was no longer the same. Many times, with a tiny hand in mine,

Community Club Holds Banquet—Ten members attended the annual Banquet held at Jordan's on Sept. 9. President Eldora Jones conducted the short business meeting held after the meal. Secretary Violet Swain reported the following cards had been sent out during the summer recess. Get Well: Unfred Tucker, Wayne Morton, Muriel Farrington, Albert Bell, Elizabeth Sennett. Birthday Card to Margaret Smith. Anniversary Card to the J. Gosselins; Wedding congratulations to the Lewis Glovers. A Sunshine Box had been packed for Unfred Tucker as well as the Club members taking in home cooked meals. Two plants had been given to Lila Farrington in memory of her brother. A Thank you was read from the Tuckers. It was noted that one member, Elizabeth Sennett, was hospitalized and when she returned to her home the members would take in home cooked meals and a Sunshine Box for the community will be packed for her. It will be at

the little one and I sat and looked and heard sugar maples sigh comfortably through summer, no mourning from them, no clatter as from "popples".

I looked at the grape vines, animals there before me, looked at the growth of the lilac bushes, then visited the old pearmain tree, loaded this year. It is always a mystery how it stands at all, just a shell all the way from roots to branches.

I went down the hill now and crossed those great seamed rock faces by the bulldozer road. If I hadn't known this section of the road well I surely would have felt lost—so grown up. Over the hill a scarf of breeze rippled. It was like a great river which drowned the hill. Then came a cessation a sudden stillness, the snap of a twig. Maybe my deer friend was near by.

Near home old B. J. (blue jay) came swooping down, hitting on all cylinders, and landed just ahead of me. He screamed a few times then flew high up in an old elm.

This was first real woods wandering in a long time. I had enjoyed this mountain side drowned in afternoon sun and cool dry air which held the fragrance of pine.

"Pat" DiArenzo was here at his summer home for a few days. Mrs. DiArenzo and her mother, Lucy Barrows, returned to Pennsylvania with him for the winter. They spent the summer here.

Week end visitors at the Hayes Homestead were: Ardell and Betty Hayes, Auburn; Glenn and Kevin Hayes, Gray; Loanne and Joanne Hayes, West Paris.

CHAMBER OF COMMERCE

continued from Page One
where the local resident is buying goods. Recommendation: Print a consumer questionnaire and make it available in shops and stores in town. Once filled out, the Chamber would be able to pass back to its members what residents and shoppers want and where they go to buy it.

E. The business community depends highly on the recreational dollar; specifically, merchants, and ski restaurant and hotel related businesses. Promote both existing facilities and also the many business opportunities, a new brochure could provide the Chamber with a useful year-round tool. Recommendation: To promote the many varied business activities in the Greater Bethel area, a new brochure should be published. Great care should be used in layout and design to give the new booklet lasting value.

F. Recommendation: Organize an on-going cooperative business committee within the Chamber to promote sales and to analyze gathered community information to feed back to the businesses.

G. Recommendation: Encourage new non-competitive retailers, merchants, and industries to town. This can be done, in part, by providing the state and county governments with information about what Bethel presently offers and what business opportunities exist.

H. The woods industry is the largest single employer and presently has the least to gain from participation in the Chamber. The Chamber could serve this industry in the following ways: 1. List the many varied products produced and species cut in our area. 2. Form a Legislative Committee to act in their behalf. 3. Use existing state agencies to attract secondary manufacturing of the main product. Recommendation: Include as much information as possible in all Chamber literature on the community's largest industry.

I. Because of the relatively new road system involving Routes 2 and 26, the majority of traffic sees nothing of the Bethel business district and is not directed into town. Recommendation: Install well marked signs indicating where the business district is located, carrying descriptive phrases such as: "Visit Bethel"; "An Old and Friendly Country Community."

J. In many towns today Chambers are providing consumer complaint services. This service often provides business with insight to problem areas and gives the consumer a voice.

OXFORD POMONA #2 MET

SATURDAY AT SOUTH PARIS

Oxford Pomona #2 met at 4 o'clock Saturday for an open house at South Paris Grange Hall for the purpose of celebrating their 100th Anniversary with 143 in attendance. Many subordinate and Pomona were represented. The National Chaplain, Kermit Richardson from Vermont; Ronald Bagley State Master, Bernice Bagley State Flora and National Lady Assistant Steward, Curtis Lombard State Ass't, Steward, and wife, June Burke State Lecturer, Dick Burke Deputy, Carlton Chadbourne State Treasurer and wife Bernice, Raymond Tripp Sr. Deputy, were present for the opening. Marion Bennett told of the old Charter being hung in Paris Grange Hall as this was the first meeting place of Oxford Pomona. A duplicate charter was made to be carried by the Master from meeting place to meeting place. At one time the Pomona had well over 1000 members. 153 members were taken in one year.

The honored guests were called upon and responded with a few remarks.

Bro. and Sister Chadbourne were enjoying their 43rd wedding anniversary and spent the night at Lodgeview Motel. They were touring around on their way back to

VOLUNTEER PROJECT INSTALLS WATER AT SONGO ROAD HOME

The Bethel United Methodist Church conducted a volunteer work project, Saturday morning, to put running water into the home of Mrs. Gertrude Bartlett on the Songo Pond Road. Mrs. Bartlett, who has just returned to the home of her daughter after a stay in Stephens Memorial Hospital is 88 years of age and lives alone. Approximately 600 feet of pipe was installed, from a well on the hillside, which has enough elevation so that water would flow to the kitchen sink without the use of a pump. A further project will be the cleaning of the well on Wednesday.

Volunteers for the work were Rev. Ronald C. McKinstry, minister of the United Methodist Church, Earle Warrington, Randall Stevens, Richard Stevens donated labor and equipment, Alvin Stevens, tractor operator, M. Matthew Brooks, Lawrence Bartlett, James Brown III, Ernest Blake, a donation of money and labor, Western Maine Supply, a donation to help on materials used.

A noon luncheon for the workers was served by the ladies, at the church.

The subject of a new dues structure was discussed. Suggestions included (1) a minimum business membership fee with an added advertising assessment on businesses which benefit the most from Chamber promotion and mailings; (2) an equal fee to all business members as before, but higher than last year to partially defray the costs of a new brochure, Winter Carnival activities and increased mailing costs; and (3) a graduated scale based on the number of employees and the benefit derived from Chamber promotion. The associate membership for interested citizens would be continued as in prior years. Further consideration and final decision on the dues structure will take place at the next regular meeting, Monday, Oct. 13, at the Bethel Savings Bank.

Speaker at the October meeting will be Donald Springer, Field Staff Manager, of the State of Maine Publicity Bureau. Mr. Springer's topic will be "New Directions in Publicity Programming." The meeting will be preceded by a dinner at 6:30.

Bangor the next day.

The Masters, Secretaries and Lecturers of Oxford Pomona were listed and displayed on bulletin boards outside the hall in the anti-room for all to see. Special mention of the living Masters were given by the Lecturer Marion Bennett.

Marion Small, a member of the State C. W. A., was called upon and spoke. Also her husband, Bro. Small, spoke a few words of thanks.

Ruth Rice displayed a black silk shawl which belonged to her great grandmother Susan Rice, who was the first Pomona and her husband was the first Master of Oxford Pomona.

A few songs were sung by all then everyone went down to the dining room for a bountiful supper.

The evening meeting was opened by the song, "God Bless America."

The Paris Master Almon Harmon gave the welcoming address. Response by Pomona Master Neil Conant. A talk was given by Kermit Richardson, National Chaplain. He said "Have Faith in God, Faith is our country. Our government is the best system there is with all its faults." Those who find real happiness are the ones

NAZARENE CHURCH NEWS

The Church of the Nazarene Young Peoples Association under the direction of its leaders, Mr. and Mrs. Ricky Seames, will hold a cider pressing party for teens and adults this Saturday, Sept. 20 at 2 p. m. at the home of Mr. and Mrs. Robert Stearns, Northwest Bethel. Participants will be picking up apples in the orchard and pressing their own cider. Fried doughnuts will be served to go with the cider.

The Bethel Church of the Nazarene announces with deep regret that due to temporary health problems Rev. Barbara Huse is unable to carry on the work of interim pastor. A direct quote from a letter from Rev. Huse to the church publicity secretary goes as follows: "We both wish to express the fact that it has been a real joy to serve the Lord there at Bethel, that we consider the church people very special friends and appreciate their many kindnesses." The church people certainly feel the same way about Roland and Barbara Huse and feel fortunate that we were able to have these beautiful Christian people for as long as we have. Our prayers and best wishes go to them for a complete recovery of their health that they will be able to continue to serve our Lord in their fullest capacity since this is what makes them happiest. Mrs. Huse will, we are glad to say, be able to continue to contribute to the "Thirty Seconds of the Nazarene" column for a time. The church will be having supply pastors until an interim or full time pastor can be found, and services will continue as usual.

Esther Kilborn from Oxford Cumberland Pomona rendered a monologue, A Green Country Boy. Jeffrey Mills, Bryant Pond, gave a magic show; A. Jim Wilmet talked on new laws passed by legislature. He told us we'd pick up car license tags when we paid our excise tax at that office instead of sending in to Augusta for your license tag next year.

Shirley Thomas, Frederick Robie Lecturer, sang an original song, "United America" with guitar accompaniment.

Brother Bagley was called upon for remarks.

Rudy Royer played tunes of the old time music with his wife accompanying at the piano which made everyone's feet want to dance. Thus closed the 100th anniversary of Oxford Pomona No. 2.

30 Seconds WITH THE NAZARENE

Rev. Barbara Huse, Pastor
Bethel Church of the Nazarene

During the first year of our lives we learn to walk and to talk. It is probably true that we actually learn more the first year of our lives than at any other period of our entire lifetime. The people known as Christians, who profess to know and love the Lord Jesus Christ are often referred to as children, His children. It is true that we also need to learn how to walk and to talk. We may stumble at times, we may stumble at times but it is always true there is one who walks beside us all the way! The song says it this way, "I never walk alone, He walks beside me." One of our favorite hymns expresses it in this manner, "He walks with me and He talks with me..." Yes indeed, my friends we must "Talk Our Christianity" and we must also "Walk It!"

There is one character in the Bible of whom we read very little when you count the words. However, let us think seriously of what the Bible says about him: "And Enoch walked with God..." Genesis 5:22. So, my friends, there is no need to walk alone!

To the Editor:
I look forward each week to receiving my copy of the Bethel Citizen.

The column Greenwood City, written by Mrs. Colista Morgan, is the first article I read each week. I have visited the Bethel area twice in years past, and Mrs. Morgan's descriptions of nature make me wish to return again. The essays written each week by Colista Morgan are by themselves worth more than my subscription costs.

"The fully human person is in deep and meaningful contact with the world." Mrs. Morgan writes with deep and meaningful contact with nature. She should be encouraged to continue her column "as is" with no changes.

Sincerely,
William J. Russell

To the Editor:

This is only the second time I have ever written a letter to the editor. I feel I must join the group of letter writers who in last week's issue protested the unsigned attack upon Mrs. Colista Morgan's column.

It has been my privilege to be a summer visitor to Bethel the past 25 years. Mrs. Morgan has been blessed with the ability to put into words the pastoral beauties of the area and share with those of us who enjoy nature but are at a loss to put into writing our pleasure at what we have seen.

Spending 50 weeks away from the area each year, Mrs. Morgan's column does much to make the time away from the vicinity seem less long. Each seasonal change is so beautifully described.

I do hope that next year I may be able to meet Mrs. Morgan. As I said to the editor three years ago it is Mrs. Morgan's column which I read first in each issue.

VIVA MORGAN.
Sincerely yours,
Walter E. Scott

COMMUNITY CONCERN FOR CHILDREN IS NEW COUNTY-WIDE GROUP

Community Concern for Children is a new county-wide group of people concerned about child abuse and neglect. The group had its organizational meeting Sept. 11 at the Oxford County Economic Opportunity Council at South Paris. Community Concern for Children was established as a result of a Child Abuse and Neglect Workshop sponsored by OCEOC on Aug. 12.

Mrs. Phyllis Dock, R. N., Community Education Developer for Oxford County Head Start and facilitator at last month's workshop, opened the meeting with a review of the highlights and stated goals and needs derived from the Aug. 12 session. The group decided to begin organizing throughout the county, to increase the public awareness of child abuse and neglect, to get other people involved in the social problem, and to establish a working relationship with state agencies and responsible public officials. The two issues of child safety and emotional neglect and abuse will be initial target areas of the group.

Florence Ireland of Norway and Marguerite Goforth of South Paris were elected co-chairpersons of Community Concern for Children. The next meeting of the group will be held at the O.C.E.O.C. office, Market Square in South Paris on Wednesday, Oct. 1, at 3:30 p.m. The public is encouraged to attend. For more information about Community Concern for Children, call Phyllis Dock at 743-2101.

TELSTAR FOOTBALLERS TRAIL LIVERMORE FALLS 12-7

A slippery football and a rainy night hampered both clubs last Friday night as host Livermore Falls overcame Telstar 12-7 in Mountain Valley Conference action. Despite the conditions Livermore put the ball in the air often enough to unbalance the visiting defense, a factor contributing heavily in the outcome, along with the tough team defense played by the Andies.

Livermore took a 12-0 lead with

first and third quarter touchdowns and then turned the Telstar recovery away after the Bethel club's fourth quarter touchdown that came with eight minutes still to go. Kenny Jones killed the last Telstar offer with a pass interception for the winners in the mid-field area with 29 seconds to play, the Andies keeping the ball the last two plays from there to the finish.

Telstar nearly evened the count on a broken play in the second quarter as B. G. Flynn broke away on a long run to Livermore's seven yard line. On third down, Livermore's Ted Kennedy came up with an interception in the end zone and ran it out to the 20.

Upon receiving a punt, Livermore fumbled at its own 11 to put Telstar in position for its fourth quarter score. Alan Seames, who kept popping up in various spots from tackle to fullback, powered the last three yards for the six-pointer and Duffy Ellsworth kicked the extra point.

Dale Stevens is a patient at Maine Medical Center, Portland.

REBEL CO-CAPTAINS - Alan Seames (middle) and Chris Olson (right) are shown discussing preparations for Saturday's upcoming gridiron battle at Hall-Dale with Head Coach Dick Collins. Seames and Olson are both seniors and long-time lettermen.

DAVIS' CELEBRATE GOLDEN ANNIVERSARY SEPTEMBER 7

Mr. and Mrs. Wilbur A. Davis were honored Sunday, Sept. 7, at the West Bethel Grange Hall, on the occasion of their 50th wedding anniversary. The party, arranged by their sons and daughters assisted by husbands and wives was a surprise.

Mr. Davis and the former Ruby Luxton were married Sept. 2, 1925 at Bethel and have always resided there. Mr. Davis is a retired farmer but still maintains a market garden.

They are the parents of six children: two sons, Robert of Bethel and Lawrence W. of West Bethel; four daughters, Mrs. Lloyd (Arlene) Lowell, of Bethel; Mrs. Randall (Elizabeth) Gilbert, West Bethel; Mrs. James (Patricia) Blaquiere, Norway; and Mrs. Roland (Nancy), Brown of Gorham. They also have 26 grandchildren and two great grandchildren, most of whom were present for the occasion.

The guests of honor received corsages from Coburn's Flower Shop, cards, gifts, a money tree, along with an anniversary cake. The cake was made by Mrs. Thirza Herrick and served by Mrs. Freda Davis. The money tree was made by Mrs. Lona Gilbert and Mrs. Freda Davis.

Mrs. Craig Davis and Sue Lowell attended the money tree and opened gifts. Miss Brenda Blaquiere circulated the guest book. Cheryl and Carol Gilbert served the punch. Refreshments of bars, cookies, brownies, chips, dip, cheese, crackers and coffee were served by family members.

An original poem written by Florence Merrill of West Bethel was read by Arlene Lowell.

Over 170 guests were present from West Bethel, East Bethel, Albany, Mason, Newry, Norway, North Waterford, Westbrook, Gorham, Old Orchard, Virginia, Tenants Harbor, Newport, Rockland.

To Ruby and Wilbur

Fifty years of married life full of happiness and bliss. Memories enough to last a lifetime sealed by love and a kiss.

For as long as I can remember they've always lived on the farm. Always with lots of animals which Wilbur would never harm. Lots of children they have borne and raised with love and care. They always found the patience but I really don't know where.

All your children love you in a way all their own. And speaking as a neighbor you're the best that I have known.

So on your special day we want to share your joy. You two look like a couple with a brand new toy.

Your happiness shows you know in all the things you do. You've always lived a full life. And to boot, enjoyed it too.

You've worked hard all your life I know. If it wasn't working in the garden it was out shoveling snow.

Or working in the strawberries and out picking the corn. Even out nurse-maiding the cow while a new calf was being born.

Life on the farm can be rough. Together you've always worked. And never any of your duties have you ever shirked.

To be helpful to others you've always found time. Or to climb up the mountain blueberrying you used to climb.

We all have special memories of your fifty years of married life. As we know you hold in your hearts things you've shared as man and wife.

We wish all the happiness that life can offer you. And by the looks of things you'll make the next fifty years too.

So Happy Anniversary Ruby and Wilbur. As you celebrate today your family and friends are here to share your happiness if they may.

So stand up and take a bow you really have earned it. Take life in your stride and don't ever quit.

TYLER - ROBINSON

Miss Judith Ann Robinson daughter of Mrs. Myrtle J. Robinson and the late Harry Robinson, Albany, became the bride of Clayton Francis Tyler, son of Mr. and Mrs. Lawrence Tyler of West Paris on Aug. 30, 1975.

The double ring ceremony was performed by the Rev. Barbara Huse at the Bethel Church of the Nazarene.

Given in marriage by her brother, 1st Lt. John S. Harding of Maryland, the bride wore a floor length white-crepe satin dress with train and trimmed with lace at the neck, sleeves and skirt, made by herself. Her waist length veil fell from a beaded crown adorned with teardrops. She carried a bouquet of white, yellow, lavender, and bronze daisy pom-poms with sprays of baby's breath and white ribbon streamers with small daisies on the ends.

Miss Darnita Yates of Sunday River attended the bride as maid of honor, wearing a floor length dress of blue crepe in an empire style with bell sleeves. She carried one single white mum.

Miss Jackie Crockett of Locke Mills and Miss Roxy Wheeler of Bethel attended as bridesmaids. Their dresses were in similar empire styles with bell sleeves of flowered cotton print. Miss Crockett was dressed in green and Miss Wheeler in lavender. Each carried one single white mum.

Earl Tyler, of Locke Mills, brother of the groom, served as best

Mr. and Mrs. Clayton Tyler

man, and ushering duties were performed by Thomas Robinson of West Paris, brother of the bride, and Reginald Gilbert, of Bethel, brother-in-law of the groom. Miss Melinda Robinson, niece of the bride, and Miss Lorie Howard, both of Albany, carried the bride's train, and Mrs. Drew Webster played the piano.

Following the ceremony, a reception was held at the Albany Town Hall.

The couple will reside in their new home in North Paris.

"SONNY" BLAKE—GUEST SPEAKER AND TOUR GUIDE FOR E.B.S. KINDERGARTEN

Monday, Sept. 15, the Ethel Bisbee kindergarten classes learned about School Bus Safety under the instructions of Richard (Sonny) Blake, S.A.D. #44 Transportation Supervisor. Mrs. Phyllis Cross, teacher, and Mrs. Nancy Cummings, aide, went with the children.

The children were taken for a bus ride to the S. A. D. #44 Maintenance and Transportation Center and Telstar Regional High School. Bus safety rules were stressed while riding on the bus.

The children enjoyed a tour of the garage. Bus Safety pictures were shown explaining how accidents can and do happen if the Bus Safety rules are not observed. They saw where the buses are maintained, the supply room and storage rooms.

The safety devices on the buses were explained. Each bus has seat belts, a fire extinguisher, first aid kit and road flares. Mr. Blake hopes money can be appropriated

for an emergency light for each bus. This is a safety light to go in the first aid kit that would last about four hours in case of an emergency.

Fire safety was observed with a practice drill leaving the bus through the emergency door. The children practiced how to cross the road in front of the bus, waiting for the driver to give the crossing signal.

Each child was given a booklet "Join the School Bus Safety Team," which was read and discussed at school. Numerous other safety rules were demonstrated and taught by Mr. Blake.

Mr. Blake says "Your children are our Business" and hopes everyone will have a SAFE DAY.

Thank you, Sonny, for helping our children learn more about Bus Safety.
